

Under 3's Schedule of Fees April 2026

Funded sessions – Under 3's

Our various funded sessions are shown in the tables below, and where parents choose to access this Enhanced Offer, there is a charge that covers these additional services. Please see our funding policy for more details.

The eligibility criteria for this funding are available on the government website. It is the parent's responsibility to check their eligibility through HMRC and they must provide us with an eligibility code for checking with the Local Authority before being able to take up the extended offer. Please ensure you leave enough time to provide us with this. Please see our Admissions Policy for further information.

When you choose to attend one of our sessions all year round then your total funding entitlement will be accounted for on your invoice and shown as the number of hours. This equates to your 'free entitlement' from the government, and the balance relates to the Additional Service/hours charges. Please note that when you agree to take the Flexible offers you agree to pay for the additional private hours and additional services charges. There are a limited number of fully funded sessions available, and these can be applied for via the manager. Please see our funding policy for further details.
